Stop LAPD Spying Coalition

Be a thought, strategic, and action partner!

Increasingly counter-terrorism and counter-insurgency tactics and programs are getting incorporated into domestic policing. The Los Angeles Police Department is one the most militarized police department's in the country with a massive Architecture of Surveillance that targets Black and Brown communities through programs like Suspicious Activity Reporting (SAR) Program, Predictive Policing, Automatic License Plate Readers, Trapwire, Stingrays, Digital Receiver Technology, Body Cameras, and much more including the acquisition of Draganflyer X6 Drones.

Since the summer of 2011the Stop LAPD Spying Coalition has been raising awareness and organizing communities to abolish and dismantle LAPD's surveillance, spying, and infiltration programs. Join us in our efforts.
